Tartarus boss guide summoners war guide book 2

- The monsters you already used will now be shown as deactivated in the battle preparation screen in order for you to check which monsters you can use on your next battles. Pan'ghor doesn't care how well your monsters are ruined, all it cares about is pure numbers. So read the guide and get to work.How the Loot WorksWorld Boss gives you 3 chances a day to get various loot. So 5 chances at a Legendary Scroll. The higher the numbers the better.This means natural 5 star monsters will typically out perform other monsters. * The EXP Booster effect is applied automatically when Goddess America's Blessing is activated. (Android/iOS) Details can be checked through the maintenance notice. White Artifacts are cheap to level and can add a lot raw stats. [Ranking] menu has been added in the Cairos Dungeon and Rift Dungeon. Once he goes down he is gone for a few hours and then respawns to start all over again. Just don't get discouraged if your score goes down. A lot of players will just spend their 30 energy everyday on it and move on without thinking about it. Peek-A-Boo! The recent patch update brings us a new Natural Born 5★ Fusion Monster Lightning Emperor (Fire)! Also, two new monsters are added into the game with unique skills that bring tons of excitement for all Summoners. Just takes time.2A HemosMy most recent 2a actually took Hemos from 2nd team to 3rd team.Better Base stats after Second Awakening. B Rank will give you 6 items. Global - 1:00 am PDT South Korea - 3:30 pm KST Each server will undergo the automatic update process separately. Another player named Khanforpresident ran an experiment where he extrapolated that Crit rate and Speed were the most important.So it's hard to say. Lower star monsters have their advantages though as will be discussed below.Note: You can create a World Boss Slave out of your high quality bad Runes.Skill Ups to Boost your ScoreWorld Boss score is heavily influenced by how many skill ups a monster has received. This is normal.Gaming the World Boss (How to Get into the High Ranks)If you are trying to rank high amongst your fellow players or just trying to move up a bracket you will need to know how to game the WB to your advantage.Once spawned it takes the player base a few days to kill the boss. (Cairos Dungeon): Hall of Heroes & Event Dungeons (Angelmon/ Devilmon/ Rainbowmon) * Due to the new ranking system, the Profile > Record info and best records will reset. This has been reported has 200,000 points and also as a 15% swing. If it's and HP type than HP % runes will likely give you the best result because the % will be bigger.Step by Step World Boss GuideWorld Boss opens up after clearing the dimensional rift one time. Your score will go up and down daily by a undetermined amount. This is pretty difficult to get and requires gaming the system a bit which I will explain below. This means that every few days you will have a day where two World Bosses exist on the same day. Even when you aren't getting one of the big 3 prizes it's usually worth the 10 energy each attempt costs.After completing a run of WB you will be given a rank between F and SSS. Below is the Fusion table for the 5★ Lightning Emperor (Fire). Top 100 gets you 200 crystals. Either a + or a - will be added to the score. I think at this point most player will have 10-20 monsters that meet the requirements to participate (Level 15). It's hard to say which is right because as far as I know there isn't anyone who has run the same units without upgrading them for long enough to get enough data. - EXP Booster item given as a reward from the Challenge/ evolving the first 5★ Monster will now be stored at the Inbox for 99 days instead of 7 days. Don't forget to keep your team competitive you will need to upgrade regularly.Don't get discouraged. For example a boss that has 1% health at 12:05 am. More of the update details can be seen below. (Icon located at the left side of the Tartarus' Labyrinth screen) : This feature applies to the stages that are available to enter. This is because the calculations have a variable factor. So what you should be aiming for is the top 5% of all players which will get you 175 crystals. Please check the starting time of the server you play in. Even top 20% will get you 100 crystals. Every time you level one of your top 60 monsters you will be increasing your world boss score. Buy 5 Star Rainbowmons from Guild shop weekly to grow your stable. The same is true for leveling runes and artifacts. Check Runes often to make sure you aren't using old poor quality ones. Cairos Dungeon: Giant's Keep/ Dragon's Lair/ Necropolis/ Hall of Magic/ Attribute Dungeons Rift Dungeon: All Attribute Dungeons : For Cairos Dungeon, ranks will be tallied based on your best clear record (fastest time). I don't know why Com2us made this choice but it means Water monsters will have an advantage.See the Table below for explanation.Type AdvantagesWater is best, Fire is Worst and the rest breaks even.TypeAgainst WaterAgainst FireWaterNeutralAdvantageWindAdvantageDisadvantageLightNeutralNeutralDarkNeutralNeutralFireDisadvantageNeutralStats Over EverythingMonster Level, Rune Quality and Pvp buildings can all be summed up under "STATS". This means that certain types will score better against the boss. - If you get the fastest clear time using your friend's monster, that record won't be applied to your Profile (Record) menu or as the best clear time. Even though their stats are weaker they make up for it by being much easier to skill up. Yes, because you can always make more free skill ups for them. Ranking Against Other Players've covered what you can expect to get from loot at the end of each attempt but here is something else to be considered. F being the worst and SSS being the best. This means it can sometimes be better to split your best units evenly among your 3 attempts if you find you aren't getting D or better on all attempts. The number also has a variable factor I'll discuss further down that can make it hard to be certain about the specifics. Tartarus is free way to get grindstones and gems if you haven't put together a raid team yet. An extra 100 crystals a week will certainly help improve your progression in any area of the game.RankingsCurrent Best Rank as of December 2021Summoners WarCompetition Keeps GrowingThe longer Summoners War continues the stronger the average player becomes. With that in mind here is what I can tell you affects your WB score for sure.Monster Level Amount of Monster Brought Awakened Monsters* Skill Ups Rune/Artifact Quality Total Monster Stats Pvp Stat buildings (Ancient Sword, Sky Tribe Totem, Etc) Monster Element* Sigmarus is the Perfect Monster for thisWater type on a Natural 5 Star monster that can be skilled up without Devilmons.ElementsPan'ghor is a Water/Fire type which something we don't see anywhere else in the game. So score affects the drop rate of good loot. So I'm going to start from there. This means a boss that dies within a few minutes after server clock rolls over. A monster will be score less points after second awakening. : For Rift Dungeon, ranks will be tallied based on the achieved points. This is how I broke top 5% for the first time.Tips for World BossDown here at the bottom I'm going to put a list of tips that can help you edge out a few more points to raise your rank. - You can now enter a stage to battle with 5 Energy instead of 10 Energy. No one knows for sure which stats are best. They are wrong though. Free event Natural 5 stars, weekly devilmons and adding content like artifacts and ancient runes will keep raising the bar. They tend to have much higher base stats and just get bigger. B Rank gives you a better chance to get a Legendary Scroll.SSS Rank Drops from World BossLoot Table for World BossMS=Mythic Scroll, EleS=Water, Fire, Water ScrollI/D=Light & Dark, LS= Legendary ScrollRank# of DropsNotable LootFSMS, EleS, L/D Pieces, LS PiecesDSMS, EleS, L/D Pieces, LS PiecesCSL/D Scroll, Devilmon, Legendary ScrollB6 L/D Scroll, Devilmon, Legendary ScrollA7 L/D Scroll, Devilmon, Legendary ScrollFinal Thoughts on LootAs you can see from the table above getting a minimum of D rank is essential to getting the access to the best rewards. Worse Contribution to World Boss.Why Your Score Changes Everyday in World BossAfter a week or so of running World Boss daily you will start to notice the numbers don't always add up. One that doesn't even require much effort to obtain the best drops. What loot and how many chances you have to get it will depend on rank.For example: Whole Legendary Scrolls only become at C Rank or Higher. Which are highly valuable in the score calculations. The actual update will be applied through an auto update during the maintenance. : Records are displayed in milliseconds to distinguish the dungeon records. New features and UI improvements have been added as well. Seriously, a week or two of work will get you 3 chances a day at Legendary Scrolls and Devilmons...yeah. - [Hard & Hell] Guardians of Labyrinth (Leos/ Kotos/ Guilles) : Fixed the issue of the [Guardian of Labyrinth (Passive)] skill not activating when the boss has 25% HP or below. - If you reach Lv. 50, the Master Summoner Pack will be exposed after the fixed time. Lightning Emperors have a special effect called [Knowledge] that can stack and be utilized to tear enemies apart! While Giant Warriors are adept in crowd control and expert bruisers. Second, we can finally get Fire Vampire (Verdehlie) from fusion, who is an essential unit for Speed DB10. Gildong (water toaist) is extremely strong because he is a Water Nat 4 with 3 star skill ups. This ranges from 5 for just showing up to 300 for being in first place. Now of course once max skilled they will perform better than before. The reason for this is the lack of skill ups. - Some of dungeons will no longer have the clear time record displayed. Using this wisely you can get an extra attack on a boss you are doing well on or you can get a head start knowing half the player base attacked the dying boss.Occasionally you will find the perfectly timed boss. We ask for your kind understanding. - You can now choose one of stage types (Normal/ Escape/ Explode/ Cooldown Time Up/ Speed Limit/ Time Limit) and check where the stages are located in the exploration screen. - A new ranking feature where users can check the rankings based on the dungeon best clear records has been added. - Fixed the issue of the booster image (EXP/ Mana Stones) remaining in the battle ending screen even after the booster time has ended. Score: 0% Rank. Correct Answer: Pan'ghor is one of the most overlooked aspect of gameplay in "Summoners War". World Boss has an incredible loot table. (If you have reached Lv. 50, the pack will be exposed instantly.) - [Challenge: Fast Leveling Strategy] - Modified the quest clear condition from using the EXP Booster to while the EXP Booster is in effect. Each rank above simply increases your chance to get the better loot with more drops. ===== Monster guides and ratings of these new monsters are coming soon! There are two exciting things in the Fusion Hexagram update! First, of course, is the 5★ Lightning Emperor (Fire) adding to your list of PvP damage dealer and a strong DB10 nuker. Most of you reading this will be past this point so just jump in on the instructions where it lines up with your experience.Get 30 Monsters Above Level 15 Put Runes on those monsters Start building accessible 2-3 star monsters* Fuse Veromos or Sigmarus STOP Until you can farm Giants b10 or higher Start investing in Pvp structures Get 60 Monsters Above level 15 Improve rune quality Get 10 Monsters to Max level Start getting Artifacts for Max level monsters STOP Until you can you can reliably farm Rift Beast on R4 or higher At this point you should be able to play all aspects of the game competently. When the clock rolls over you can get 3 fresh attempts and get your attacks in before it dies. The following steps should be followed in whatever order makes sense for you.Max all Pvp Structures Max Skill all water Nat 5's Fuse more phoenix for skill ups Buy from Guild shop or Fuse Irits for Theomars or other non-fire ifrit Increase Rune Quality Increase Artifact Quality Create Rune Slave monsters just for World Boss *Monsters like Water Howl, Water Hellhound, Water Inugami are easy to get skill up for and will help your score raise quickly>About Second AwakeningsSecond Awakened Monsters gain a boost to base stats much like the first awakening does. A+ will get you the same amount of drops as A but with a better chance to get good items.How the Score is CalculatedCom2us doesn't let us see how the calculation works. There also levels to each rank. My Advice is to rune for the stats that monster already excels at. Monsters Like Chilling, Galleon and Megan will perform well because you will be able max them out fairly easily.Which Stats are most Important for World BossOk so this is where things get complicated. Depending on where you rank amongst all other players you will be awarded an amount of crystals every time the boss goes down. Using these on your best natural 5 star monsters is an easy way to increase your rank in World Boss.Secondly, even 2-4 star monsters can be very good in WB. There are two things we can take away from this.Firstly, devilmons are the most valuable resource in the game. There is some small studies done by players but for every piece of evidence saying one thing there is usually a contrary answer. You would think this mean they would do better in World Boss and this half true. Likewise you can save your attacks for the new boss. It will come back. Your damage may go up while your rank my fall. This is important because you only get 3 attempts and if you use them to finish off the old one you won't be able to attack the new one. Seiishizo who was at least once the #1 player for WB says that Speed doesn't do much more good. The update also comes with Tartarus' Labyrinth improvement and bug fixes. Just keep in mind your Lulu will take a big drop in WB contribution after gaining it's friends.Should you second awaken monsters for World Boss? It can be especially frustrating when you spend all day making a new max level monster just to see your score down. : You can check the monster deck used when you tap the record. The highlights of this are Legendary Scrolls, Light & Dark Scrolls and Devilmons but you can also get evolution materials, Other Scrolls, Manastones, Summoning Stones and Crystals. C rank will give you 5 items from the loot table. You will see this go up naturally as you play the game. All in all, the required fusion materials can easily be acquired from Secret Dungeons and Mystical Summons.
